rkaminski@commerce.state.wi.us – *e-mail*

SUBJECT: POWTS Component Manuals - Initial Review Comment Period

The approval status of three POWTS Component Manuals is scheduled for renewal. In addition, the department has prepared revised versions of two other POWTS Component Manuals.

Prior to initiating a formal review process with the POWTS Technical Advisory Committee we would like your input on the existing manuals. For example, is there anything in the specification tables or in the written directions that could be improved? In addition, we are particularly interested in feedback on the two proposed manuals that we would like to release in conjunction with the re-approval of the other manuals.

The three existing manuals are:

- In-Ground Soil Absorption Component Manual for Private Onsite Wastewater Treatment Systems (Version 2.0) January 30, 2001.
- Mound Component Manual for Private Onsite Wastewater Treatment Systems (Version 2.0) January 30, 2001.
- Pressure Distribution Component Manual for Private Onsite Wastewater Treatment Systems (Version 2.0) January 30, 2001.

The two additional manuals are:

- At-Grade Component Manual Version 2.0
- Holding Tank Component Manual Version 2.0

All the manuals are posted on our website at the following location:
<http://commerce.wi.gov/SB/SB-PowtsProgram.html#Component>

Please have your written comments (e-mail works best) to Mike Beckwith by April **15, 2006**

If you have any questions regarding any of the component manuals, please contact Mike Beckwith @ 608/266-6742 or mbeckwith@commerce.state.wi.us . If you have questions or comments regarding this memo, please feel free to contact me. Thanks!
